

A DREAM BEFORE DYING

Are you ready?

Are you ready?

Are you Ready?

Wake up, wake up
In the garden of the dead
With a ancient edge
To mark your head
Wake up, wake up
Neither dead nor alive
In an existential crisis
On the other side

Riddle me this...
Then Riddle me that...
Where does tomorrow go?
Riddle me this...
Then Riddle me that...
Does anybody know?

Reddy Set Go

Reddy are you ready?
Can you hear the sound?
The Afterall is falling down.
Reddy are you ready?
Does Cassandra know
Destiny travels the shining road?
Reddy are you ready?
Can you hear the crowd?
The afterlife is calling out to you...
Reddy are you ready?
Bringing hands to light,
In a dream before dying

Hope shines tonight.

Wake up, wake up
There's a girl in a box
There's a devil in the mirror
And a sibling lost
Wake up, wake up
Set in her place
Seeking the angel...

But it might be too late....

Riddle me this...
Then Riddle me that...
Where did the power go?
Riddle me this...
And Riddle me that...
Does Prometheus even know?

Reddy are you ready?
Can you hear the sound?
The Afterall is falling down.
Reddy are you ready?
Does Cassandra know
Destiny travels the shining road?
Reddy are you ready?
Can you hear the crowd?
The afterlife is calling out to you...
Reddy are you ready?
Bringing hands to light,
In a dream before dying

This ends tonight

You're after her
She's after you
And Nothings what it seems
Angels tread the twilight path
While demons wield entropy

The World ends tonight

You're chasing ghosts
And no one knows
the titans eyes have seen
That Good and Evil, black and white
Are balanced out in three

And every ending is a beginning after all

Reddy are you ready?
Can you hear the sound?
The Afterall is falling down.
Reddy are you ready?
Does Cassandra know
Destiny travels the shining road?
Reddy are you ready?
Can you hear the crowd?
The afterlife is calling out to you...
Reddy are you ready?
Bringing hands to light,
In a dream before dying

The World ends tonight

Reddy are you ready?
Can you hear the sound?
The Afterall is falling down.
Reddy are you ready?
Does Cassandra know
Destiny travels the shining road?
Reddy are you ready?
Can you hear the crowd?
The afterlife is calling out to you...
Reddy are you ready?
Bringing hands to light,
In a dream before dying

This ends Tonight...
